Mortgage origination veterans bring over 60 years of combined experience across the entire lending process to support sustainable and scalable growth for mortgage banks, community banks, and credit unions

FREDERICKSBURG, Va., Sept. 14, 2026 (GLOBE NEWSWIRE) -- Lenders One® Cooperative (“L1” or “Lenders One”), a national mortgage cooperative of mortgage banks, community banks, and credit unions, announced the addition of Stephen Boney and Joseph Camerieri to its leadership team. Boney joins as Senior Vice President of Originations Operations, and Camerieri as Senior Vice President of Sales and Strategy, bringing deep industry expertise to support the growth and evolution of L1® Fulfillment Solutions powered by Altisource Fulfillment Operations, Inc. (“L1 Fulfillment Solutions”).

Boney and Camerieri will lead the expansion of L1 Fulfillment Solutions, developing an offering that includes a fully managed, end-to-end solution that enables Lenders One members to leverage a pre-built, pre-configured, highly automated fulfillment platform. The move reinforces the cooperative's continued investment in solutions that help mortgage banks, community banks, and credit unions access scalable, AI-powered fulfillment services without sacrificing control, compliance, or customer experience.

“Lenders One is founded on its commitment to providing its members with the resources and strategic levers required to remain competitive regardless of market cycle,” said Lenders One President Rick Seehausen. “These two industry veterans bring executive experience at all stages of the origination lifecycle that will be key in supporting sustainable success for lenders, helping them improve profitability, and reduce costs.”

Prior to joining Lenders One, Boney held executive fulfillment leadership roles at Newrez, Specialized Loan Servicing, PHH, Bank of America, and Merrill Lynch, including the support of nearly $30 billion in annual originations. His expertise spans across underwriting, processing, closing, post-closing, compliance, and operational transformation.

“As the industry continues to evolve, the organizations that successfully combine operational excellence, technology, and trusted relationships will be best positioned to grow. The opportunity to bring that level of advancement to Lenders One members is exactly what I look forward to supporting in my next chapter at Lenders One,” said Boney.

Camerieri served in leadership positions at Maxwell, Mortgage Cadence, LenderLive, FirstKey, and PHH. His experience includes private-label lending platforms, enterprise sales leadership, mortgage operations, fulfillment solutions, and revenue growth strategies.

“Lenders One has a strong track-record of helping companies execute long-term business strategies all while staying adaptable,” said Camerieri. “I’m ready to build on that to help members develop innovative products, manage high-performing teams, and create strategic alliances.”

Powered by AI-driven workflows, L1 Fulfillment Solutions encompasses the full mortgage manufacturing process, from loan setup and disclosures through processing, underwriting, closing, post-closing, and quality control.
